

SITEX 2011

Make a beeline for the best sounds

UNDER \$200

Jabra Sport

\$148; free gifts worth \$30, including an Adidas water bottle, a Jabra sports towel and a Jabra shoe bag. Booths: 6C60 and 6D30

Fitness fans will find much to like about the Jabra Sport earphones. They have a new secure behind-the-ear wearing style and the two adjustable earphones are connected by a non-stick, non-tangle bright yellow cord.

A built-in FM radio means you can tune in to your favourite radio station while running.

If you happen to take shelter in a foxhole in a thunderstorm, you will be grateful to have the Jabra Sport. It is rated IP 54, which is military grade rain, dust and shock protection. This month, it was selected as the CES

2012 Innovations Design and Engineering Awards Honoree in the headphones category.

Veho 360 Bluetooth speaker

\$59 for first 10 sets each day (usual price: \$79) Booth: 6B60

Say goodbye to annoying wires. This nifty number packs a big sound and is compatible with all wireless Bluetooth devices, allowing you the freedom to untether your speaker from your smartphone or laptop.

If you do not have a Bluetooth device, you can connect the Veho 360 via the line-in port.

The rechargeable lithium-ion battery (rated at 400 mAh) will give up to four hours of tunes at maximum volume. More than enough time to annoy your neighbours with the latest Coldplay album on repeat.

The Bluetooth range is 15m, so you can wander around your living room with your iPhone and still stream your music flawlessly. The Veho 360 supports both A2DP and AVRCP Bluetooth standards.

The wireless Veho 360 Bluetooth speaker (left) packs a big sound. If you are a road warrior, consider the Bose Companion 20 (below) which can fit into your laptop bag.

BETWEEN \$200 AND \$600

Bose Companion 20

\$539; you can also buy the Bose AE/AE2i headphones at 20 per cent off Booth: 5J42

The perfect companion for road warriors, this small 2.0 system is easy to pack into your luggage or laptop bag.

Bose uses the Bose TrueSpace stereo digital signal processing to expand the acoustic image, making up for the small hardware. Additional digital signal processing and active electronic equalisation ensures an accurate sound reproduction.

A small, circular control pod lets users adjust volume and access one-touch muting. It also offers a headphones jack and input for an additional audio source such as an iPhone, iPod or other portable device.

Bose SoundDock Portable

\$579 (usual price: \$749) Booth: 5J42

The Bose SoundDock Portable is perfect for filling a mid-sized room or lending a cheerful atmosphere to an outdoor barbecue.

Despite its slim design, it delivers a powerful performance because of Bose's waveguide speaker technology and powerful neodymium speakers.

The SoundDock was designed to allow an iPod or iPhone to dock and charge but if you do not have an iDevice, you will still be able to connect your smartphone or CD player to the SoundDock using the auxiliary port.

Bose QuietComfort 15i

\$539 (usual price: \$599) Booth: 5J42

Banish external noise with the Bose QuietComfort 15i which is designed for in-flight use and for personal listening at home, office or while commuting.

It uses the Bose acoustic noise-cancelling headphone technology to fade background distractions. The QuietComfort earcup cushion design maximises audio performance, noise reduction and user comfort.

An additional cable with in-line remote and microphone has been included so that you can

use it with your iPhone as well.

Focal XS Book Music System

\$569, with free T-Jays One earphones worth \$108 Booth: 5J42

These 2.0 speakers feature two-way bass-reflex active loudspeakers, two 20W amplifiers, a 10cm woofer with Focal Polyglass cone and a 19mm aluminum dome tweeter. The maximum sound pressure level is 96dB.

The sound level control has an integrated On/Standby switch and the unit has both a high-level RCA input and a low-level jack 3.5mm input to maximise music sources.

Installation is easy as there are no settings to worry about and the set comes with a 1.5m RCA interconnection cable and a 1.5m extension cord.

Klipsch Mode M40

\$539 (usual price: \$599) Booths: 6E20 and 6E30

Give your ears a treat with the Klipsch Mode M40. It has high-grade leather ear cups and state-of-the-art active noise cancelling.

Klipsch's first effort in this market segment provides up to 45 hours of noise cancelling on a single AAA battery (or use it without a battery as stereo headphones).

The 40mm moving coil woofer provides deep bass and dynamic mid-range with active crossover while the 15mm tweeter brings crisp, clean highs. It also features two detachable cloth cables similar to those used in premium, hi-fi systems. They fit any device with a standard 3.5mm headphone jack.

An Apple-based mic and three-button remote system lets you take calls and control music on iPods, iPhones or iPads.

Soul by Ludacris SL300GG

\$499 (normal price: \$599) Booths: 5D42, 5G41 and 6D30, 6E30

The SL300GG uses active noise-cancelling technology to eliminate unwanted sounds and noises and features an advanced driver and circuitry design for heavy bass and clear mids and highs.

The set includes a straight audio cable with in-line remote control and a standard straight audio cable.

The SL300GG comes with a 3.5mm or 6.5mm headphones input jack.
